Contact Challenger to schedule your Family Science Night!

The Challenger Learning Center of Maine is a non-profit 501(c)(3) that provides challenging, interdisciplinary, relevant educational experience for the children of Maine, in order to raise student aspirations, to improve educational achievement in mathematics and the science arts, and to inspire interest in science careers.

Like us on Facebook and find fun science facts, NASA updates, event information, and photos of Challenger activities.

Sign up for Challenger's e-mail newsletter list!

Inspiring. Exploring. Learning. It's our mission.

30 Venture Way / Bangor ME 04401 / 207-990-2900 / astronaut.org

Research shows that test scores and enjoyment of learning dramatically increase with parent participation.
